10/2017 - 09/2019

- Professional experience in Testing of In-Vehicle Infotainment Systems of Automotive Domain.
- Working experience on tools **DLTViewer, IBM rationalDOORS, JIRA, Robot Framework, Putty, CANoe, CANalyzer, Corvus, Black Box testing, System testing, ECU's flashing**.
- Experience in Preparing Test cases, Reviewing Test cases and Executing Test cases for Vehicle interaction Features.

## SKILLS

React JavaScript Typescript

Node Js Express Js Next Js

Google ADK Zustand HTML5

CSS3 Tailwind PostgreSQL

Bootstrap Github Redux

Adobe Analytics Google Analytics

Strapi Figma Copilot

Restful APIs Rally Python Git

JIRA AJAX API Gateway

Fast API

## EDUCATION

**Bachelor of Engineering - 8.4 CGPA**  
SIT, Tumkur

**Pre-University College - 90%**  
ABM, Davanagere

## ACHIEVEMENTS

**Sapiens Star Award**

*Awarded for overall contribution to the project*

**LKF Norway Go-Live**

*Delivered SOW items successfully leading a team of Developers*

**ABSA and MMSV Go Live**

*Helped in Agent and Client portal going live*

**Employee of the Year - 2020**

*Awarded for the overall contribution to the project*

**TCS On the Spot Award**

*day-to-day efforts recognition Award*
